Standards, Products,
And Solutions For A Safe Event**

Here Is How We Maintain A Clean And Safe Environment For You, Your Clients, And Our Team Members.

Bright performs daily health screening check-ups for each Team Member before the start of every workday.

Masks and gloves will be worn throughout the day by all Team Members and changed or disposed of appropriately after each job and shift.

Warehouse Teams clean and sanitize all equipment before and after each use.

All delivery crews will arrive safely and follow written cleaning guidelines. Proper wipes, cleaners, and disinfectants will be used to ensure cleanliness.

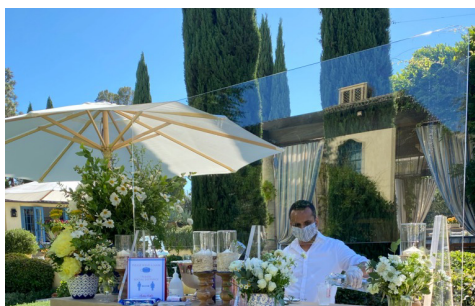

Truck cabs will be cleaned after each job, gloves changed for their next task, and masks worn.

Equipment such as dollies and hand trucks used on-site will be cleaned and sanitized before each use.
